★ THAT ENCHANTING FOUR HOUR DINNER CRUISE

Promptly at 7 P.M. the beautiful 550 & 180 passenger, all Steel "Jungle Queens", the traditionally famous Bar-B-Q and Shrimp Dinner Cruise boats leave our Bahia Mar Docks and sail up New River with a pleasant and humorous commentary by the Captain, of the many interesting sights and people on the River.

It is amazing to see the many beautiful homes along the way that put on lights and wave a warm welcome to YOU and the JUNGLE QUEEN. The River is so different at night. There is a certain stillness in nature's way of things — that sort of lazily wakes up with the quiet approach of the JUNGLE QUEEN — and then as we pass goes back to slumber again.

UP AHEAD are more lights welcoming us. We have arrived at our destination — our exotic Island — the other

home of the JUNGLE QUEEN. We dock, and with a friendly "ALL ASHORE" by the Captain, we are directed to the uniquely different dining room where a delicious dinner of "RIBS, CHICKEN AND SHRIMP" and all the trimmings has been prepared by OUR VERY OWN CHEF and Staff. The service plates are passed again and again until you have had "ALL YOU WISH TO EAT." Alcoholic Beverages are available.

And then comes the highlight of the evening, our Professional Hilarious Vaudeville Revue ... acclaimed by press and public as Florida's outstanding entertainment. This is followed by the return trip with everybody joining in the Sing-A-Long. For a unique evening you'll talk about, laugh about and always remember.

3 HOUR SIGHTSEEING CRUISES

DAILY 10 A.M. & 2 P.M.

See the "Venice of America"

on board our 550 and 180 passenger ships ... only cruise that goes up New River.

The trip up dreamy New River with its everchanging scenery — the plush waterfront homes, downtown Fort Lauderdale, great yacht and storage basins, a bit of the Everglades, and a stop-off at the Jungle Queen Indian Village. Here in the setting of a beautiful tropical Island among rare trees and foliage, may be seen flamingos, macaws and rare

birds from all over the world, alligator wrestling, and Seminole Indians. The commentary by the Captain keeps you acquainted with the ever pleasant and changing surroundings while the boat is under way. All our boats are especially designed for sightseeing pleasure, are diesel powered and have rest room facilities.
